# Company Overview

---

**York Bridge International Limited** is a trusted exporter of premium natural resins and essential food commodities. Rooted in the Horn of Africa, we work closely with small-scale suppliers to source and grade the finest Frankincense, Myrrh, Opoponax, and Gum Arabic. Our reputation is built on reliability, transparency, and years of trading experience. We connect remote collection regions with global industries, ensuring consistent quality and dependable delivery to buyers worldwide.

# Our Vision

---

To become Africa's most trusted supplier of premium natural resins and essential food commodities, connecting regional producers to global markets with integrity and excellence.

# Our Mission

---

To deliver high-quality products through responsible sourcing, rigorous quality control, and efficient logistics, supporting local communities while supplying global industries.

# Core Values

---

## Integrity

We operate with honesty, transparency, and accountability

## Reliability

We commit to consistent quality and on-time delivery

## Community

We uplift local collectors and empower sustainable livelihoods

## Quality

We adhere to strict grading, cleaning, and export standards

## Partnership

We build long-term relationships with buyers and suppliers

# Our Product Portfolio

## A. Natural Resin Products

Natural resins are at the heart of our company. We specialize in high-quality grades valued by international buyers in perfumery, aromatherapy, cosmetics, health products, and food manufacturing.

**1** Frankincense (Olibanum)

**2** Gum Myrrh

**3** Opoponax (Sweet Myrrh)

**4** Gum Arabic (Acacia)

## B. Food stuff Import & Export

In addition to our resin trade, York Bridge also supplies essential food commodities including rice, wheat flour, sugar, and sesame seeds to regional distributors and retailers. Our strong sourcing network ensures reliable quality, consistent supply, and competitive pricing across East African markets.

# Quality Standards & Compliance

---

We maintain stringent quality procedures to ensure every shipment meets international expectations:

- Careful sourcing directly from trusted collectors and cooperatives
- Multi-stage cleaning, grading, sorting, and packaging
- Moisture and impurity control
- Batch traceability and transparent documentation
- Export handling aligned with international hygiene and safety norms
- Trained quality inspectors at each stage of processing

**Our Commitment To Quality Ensures Buyers Receive Accurately Graded Products, Consistent Batches, And Reliable Volume Supply Throughout The Season.**

# Our Process – From Sourcing to Delivery

---

## Sourcing & Collection

We work directly with small-scale harvesters across key resin-producing regions to ensure authentic, ethically sourced materials

## Initial Sorting & Cleaning

Raw materials are inspected, manually cleaned, and separated by grade, color, and size

## Grading & Quality Assurance

Each batch goes through a standardized grading process overseen by trained inspectors to meet client specification

## Packaging & Preparation

Products are carefully sealed, packed in export-grade materials, and labeled with full traceability

## Logistics & Export

We manage freight coordination, documentation, and timely dispatch through reliable shipping partners

## Delivery & Post-Shipment Support

Buyers receive shipment updates and support for future orders, ensuring long-term partnership

# Regions We Operate In

---

York Bridge operates across major sourcing and trading zones in the Horn of Africa and East Africa, with collection networks in:

- Somalia
- Ethiopia
- Sudan
- Kenya

## **We Export To Global Markets Including:**

- Middle East
- Europe
- South Asia
- North America

# Supplier Network & Community Impact

---

Our supply chain is built on trusted relationships with small-scale harvesters who depend on resin and gum collection for livelihood.

We support communities through:

- Fair and stable purchasing prices
- Long-term sourcing commitments
- Training on quality handling and sorting
- Encouraging sustainable harvesting practices
- Creating access to international markets

**This Approach Strengthens Local Economies While Ensuring Ethical And Sustainable Supply For Buyers.**

# Why Buyers Choose York Bridge

---

- **Premium Quality:** Strict grading and cleanliness standards
- **Strong Supplier Network:** Long-term partnerships with reliable collectors
- **Consistent Volume:** Ability to supply bulk quantities throughout the year
- **Efficient Logistics:** On-time delivery and complete export documentation
- **Market Expertise:** Years of experience in the resin and commodity trade
- **Transparent Communication:** Clear updates from order to shipment
- **Ethical Sourcing:** Supportive partnerships with local communities
